**WARRANT FOR ANNUAL MEETING
THE STATE OF NEW HAMPSHIRE**

To the Inhabitants of the Town of Wilton in the County
of Hillsborough and State of New Hampshire
qualified to vote in town affairs:

You are hereby notified to appear at the Town Hall in said Wilton, on Tuesday, the 14th day of March next, at nine o'clock in the forenoon to one o'clock in the afternoon, to choose all necessary Town Officers, and at seven-thirty o'clock in the evening to act upon the following subjects:

1. To hear the reports of Town Officers, agents and committees and pass any vote relating thereto.

2. To see if the Town will grant the free use of the town hall for Bent-Burke Post No. 10 American Legion for Memorial Day exercises, School Lunches.

3. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

4. To see what action the Town will take in regard to real estate taken over by the Town for non-payment of taxes.

5. To see if the Town will vote to accept the budget as prepared by the Budget Committee or make any alterations relating thereto.

6. To see if the Town will authorize the Tax Collector to appoint a deputy or deputies, under the provisions of Chapter 80, Section 42, Revised Laws of New Hampshire, or take any action relating thereto.

7. To see if the Town will vote to authorize the Tax Collector to charge an additional amount of twenty cents on each Poll Tax not paid by September 1st, for use of the Town as provided by statute.

8. To see what action the Town will take in relation to the unexpended balance of the World War Veterans Memorial Fund.

9. To see if the Town will vote to authorize the Selectmen and Police Department to make new By-laws and change present By-laws regulating the operation and parking of vehicles on the principal streets in the Village as provided for under the provisions of Chapter 51 of the Revised Laws and all amendments thereto.

10. To see if the Town will vote to raise and appropriate the sum of \$500.00 for the purpose of making the necessary changes in the fire department fire signal system to adapt same to the Telephone Company's new dial system when installed.

11. To see if the Town will vote to change the name of present Bow Street to Whiting Hill Road and to give the following names to the following roads, viz: "Draper Road" to the new road or street leading off the Intervale Road, near the Charles Stuart residence, past the new houses built by Arthur J. Hodgen and Norman Draper. "Holt Road" to the road leading off Route No. 101 near the Wakefield residence. "Souhegan Street" to the road or street leading off Howard Street past the Wilton Lumber Company Building. Or take any action relating thereto.

12. To see if the Town will vote to authorize the Selectmen to sell and convey any real estate owned by the Town, under tax sales or otherwise owned and acquired, or take any action relating thereto.

13. To see if the Town will vote to authorize the Selectmen and Building Committee to purchase a suitable site for the proposed Municipal Building, or take any action relating thereto.

14. To see if the Town will vote to transfer the unexpended balance of \$2500.00 voted for construction of jail cells to the Capital Reserve Fund for the erection of a suitable building for the use of the Highway, Fire and Police Departments, or take any other action relating thereto.

15. To see what sum of money the Town will vote to raise and appropriate to defray town charges for the ensuing year, including town officers' salaries and expenses, election and registration, town hall maintenance and equipment, police department, fire department, health department, vital statistics, sewer and water maintenance, town road aid, town maintenance, park and playgrounds, street lighting, municipal court, town poor, old age assistance, aid to soldiers and their families, Memorial Day, cemeteries, interest, bonds, county taxes, Monadnock Region Association, libraries, bridges, new land, sidewalk construction, temporary notes, town dump and maintenance, water hole, repairs and painting of Town Hall, new road construction, resurfacing, new equipment and Workmen's Compensation Insurance.

16. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 27th day of February, 1950.

GUY M. HOLT,
WALTER S. FRYE,
JAMES L. SHELDON,
Selectmen of Wilton.

BUDGET

Estimates of Revenues and Expenditures for the Ensuing Year

REPORT OF WATER COMMISSIONERS

During the past year we had about the same amount of maintenance expense for broken goose necks and replacement of pipes.

We put in three new hydrants to replace the ones that were taken out in the past year.

We lowered the new reservoir down to the screen and replaced the old worn-out screen with a new one. The old screen had not been changed since the reservoir was built.

We added three new services during the year.

We also had some more meters repaired and put in where they were needed.

The new chlorinator was installed and the report on it is in a separate item.

LYNN W. POTTER,
LESLIE N. CENTER,
JAMES L. SHELDON.

REPORT OF NEW CHLORINATOR

The two meters for the chlorinator were installed the night of April 10th and 11th by the highway department, E. T. Broderick and the Water Commissioners.

The water was shut off where the two twelve-inch lines come together. The hydrants near the end of the lines were opened to help drain the mains. This was begun at 6 o'clock at night.

As soon as the main pipe at the chlorinating house was empty, the main pipe was cut and a piece of it taken out to make room for the reducers and the meters.

This operation was completed and water turned on at 3 A. M. The whole town had water again at about 5 A. M.

The chlorinators were installed and put into use

April 27th. Since then to January 27th, which is a nine months period, the town has consumed 77,810,000 gallons of water.

The meters are read daily and a record is kept for reference.

LYNN W. POTTER,
LESLIE N. CENTER,
JAMES L. SHELDON.

REPORT OF THE SELECTMEN

To the Citizens of Wilton:

Your selectmen take pleasure in submitting the following report.

During the year the town suffered the loss of Mr. Charles E. Putnam, Overseer of Poor. Mr. Putnam was a faithful officer during his many years of duty; his services will be missed.

The fire escape was installed as voted but the complete cost was a higher figure than we estimated at town meeting time. We obtained permission from the tax commission to complete the installation and curtailed repair and maintenance expense on the town hall to offset the overdraft on the fire escape. We feel that the town hall warrants considerable consideration regarding redecoration inside and out. We are requesting the budget committee to recommend holding over \$400 of 1949 appropriation to finish redecorating the stairways, two rooms at the entrance of the main hall and the balcony hallway, checking room and projection booth.

The gutters are in serious condition and need attention. This is a very expensive undertaking and will need special appropriation.

The present heating system will soon need attention; the boiler has been condemned by the insurance inspector and will need replacing. We feel it will carry us through at least one more heating season. Some consideration has been given the idea of renting the former Legion Room to the Superintendent of Schools for his office. The present heating installation in this room is inadequate and it will cost approximately \$700.00 to install proper radiation. We would like to put this space to some use but it may not warrant the expense.

During the past year a real estate assessor from the State Tax Commission office visited our town and

checked the assessments on 10% of our property and real estate. The assessor picked at random several pieces of property in different assessed brackets from the blotter book. He then visited each piece of property personally and assessed it to his own satisfaction, comparing his total figure with the total from the selectmen's assessment book. The tax commission considers Wilton property approximately 85-90% fairly assessed. This figure is considered average for the state.

Regarding the new timber tax law, at this writing we are not fully educated to its operation and your board is attending meetings and lectures to enable them to properly discuss and assess your timber for the year 1950.

Respectfully,
GUY M. HOLT,
WALTER S. FRYE,
JAMES L. SHELDON.

ANNUAL REPORT OF FIRE COMMISSIONERS

To the Citizens of Wilton:

We take pleasure in submitting a short report for the year 1949.

A new 600 gallon tank wagon with pump on a V-8 chassis was purchased as voted. We were able to partly equip this truck with equipment already on hand and have asked for \$350.00 this year to buy 1½-inch hose to go in this truck. We feel that this tank truck is a very important piece of equipment, especially for our rural conditions.

We are asking for a larger budget this year. This is partly due to additional expense of maintaining our four trucks and partly to the increase in pay for the stewards and two assistant chiefs. We feel these men earn their proposed salaries.

New tires and tubes were purchased through the state purchasing agent for all three trucks and at this writing we feel the equipment is in good and proper order.

Regarding the possibility of the Wilton Telephone Company changing from manual to dial system, we are in close touch with the management of the telephone company. Representatives of the Commission, fire department and telephone company have corresponded with and visited towns of similiar valuation who have converted to dial and will endeavor to set up a workable system when our area is faced with the situation. We are asking for \$500.00 for this change over because information available at this time indicates a change in 1950.

The fire department personnel have taken a great deal of personal interest in the department by attending monthly meetings, schools, demonstrations and lectures throughout the state. All this adds to its efficiency

as a department, their conduct at fires, and saving our homes from destruction.

Respectfully,
 WHITNEY M. FRYE,
 LYNN W. POTTER,
 GUY M. HOLT.

REPORT OF WILTON FIRE DEPARTMENT

During the year 1949 the Wilton Fire Department answered thirty-four calls. Eight of these were regular bell alarms; fourteen for chimney fires; six grass and brush fires; two calls from Milford for covering in; two calls to Brookline for brush fires and one call to Temple for a brush fire.

The trucks made forty-three runs. Eleven for the G. M. C. LaFrance pumper, twenty-one for the Ford pumper, four for the Ford tank truck and seven for the Chevrolet forest fire truck.

With the acquisition of our tank truck we now can carry one thousand gallons of water with us. This gives our rural communities a much greater fire coverage than we were ever able to give before.

This could be added to by a few fire holes in some sections where water is available, but there is no storage space for same.

Respectfully submitted,
 WILFRID S. PELLERIN,
 Fire Chief.

FOREST FIRES — OUR MOST SHAMEFUL WASTE

Everyone apparently fears fire but too many are careless with it. This is particularly true of all fires in and near woodlands. Official figure show that more than 98 per cent of all forest fires result from human carelessness and can be prevented. Consequently, we may say "Forest Fires are our most shameful waste."

Annual forest fire losses are tremendous and their effects far reaching. Such fires destroy the raw products of the forests, the pro-

tection forests provide for game and the supply of ground water. They upset local economies by drawing men from gainful employment and requiring the expenditure of public funds to extinguish them.

Our forest fire organization is doing a good job in keeping the size of fires small but the number of fires is increasing. In 1949 there were 100 more fires in New Hampshire than in 1948, but they burned 500 acres less. For the warden and his deputies to do the job they are capable of, they must have the cooperation of the public — YOU!

The primary objective of all fire fighters is PREVENTION — fire stoppage. This is the goal toward which your local forest fire warden and his deputies are constantly working. It can be achieved ONLY if YOU and YOU and YOU cooperate with them. It is worth YOUR effort and can be accomplished by:

1. Being careful with fire in or near woodland, being particularly careful with matches and cigarettes.
2. Securing the required written permit from the warden when the ground is not covered with snow.
3. Insisting that others be careful and comply with burning requirements.
4. Calling the warden promptly when fire is detected and aiding him to extinguish it.

Let's reduce the number of forest fires and eliminate our most shameful waste.

1949 Fire Record:

Number of calls from Milford Lookout	18
Number of fires	6 .
Acreage burned	8
Number of fire permits called for	23

WILFRID S. PELLERIN,
Forest Fire Warden.

GUY O. HOLLIS,
District Chief.

REPORT OF POLICE DEPARTMENT

To the Honorable Board of Selectmen and citizens of
the Town of Wilton, I herewith submit a report of
the Wilton Police Department from January 1,
1949 to January 1, 1950.

REPORT OF VALE END CEMETERY COMMITTEE — 1949

The general care of Vale End Cemetery has been under Mr. Fred Nelson and his men this past year. The grounds were well kept at a very reasonable cost. There were four burials in Vale End Cemetery in 1949.

Respectfully submitted,

JAMES L. SHELDON,
WHITNEY M. FRYE,
LOUIS AIMINI.

STATE CHILD HEALTH AND IMMUNIZATION CLINIC REPORT

The annual Child and Health and Immunization Clinic was held at Wilton Town Hall the afternoon of July 20, 1949 with sixteen pre-school children and four infants in attendance.

Each child was weighed and measured and his history recorded. Then he was given a physical examination and, if desired, immunization.

There were twelve given a booster dose of serum to aid in immunizing against diphtheria, whooping cough and tetanus.

Seven children were vaccinated against small pox.

Seventeen were given the patch test by Mrs. Irene Birchall, R. N., for the detection of tuberculosis; all were negative.

The defects were enlarged tonsils and defective teeth in the most part.

Raymond Galloway, M. D. and Hector Thibault, M. D., both town doctors, were in the examination rooms, assisted by Betsey Muzzey, R. N. and Marie Fahey, R. N.

The following committee, under the direction of Edna Gilbert, R. N., town nurse, assisted in the clinic routine: Mrs. James Herlihy, Pearl Gilbert, R. N., Mrs. William Abbott and Mrs. Alice Langdon.

MARIE FAHEY, R. N.,
State Nurse.

1949 HIGHWAY DEPARTMENT REPORT

In my report for the year 1949 I will start with Winter Maintenance. From the middle of November through December, January, February, and March we call Winter Maintenance months. Most of our time is taken up in sanding, plowing, etc., depending on the kind of weather we have. The past year we have not had a very large amount of snow, which helped a great deal in keeping the cost down, yet some people will say, "Why does it cost so much when there is so little snow?" To begin with, in the winter months we have an average of at least two storms a week and if it is not snow, it is quite sure to be sleet or freezing rain, which costs as much or sometimes more than a snowstorm. When it is freezing rain or sleet all roads have to be salted and sanded and with salt at \$20 a ton it runs into money fast. As for sanding, the cost is almost the same as plowing snow, for you use most of the same equipment and men. This year on days when we have had neither sanding or plowing to do, we have cut brush on some of the back roads, which otherwise we would not have had time to do.

In April, May and June we have the usual spring cleaning work to do; cleaning ditches, dragging and road-machining.

During the month of July we do the resurfacing work and tarring. This past summer we tarred Lyndeboro Center, Perham Corner, Wilson, Whiting, Frye Mill and Pead Hill roads, also Howard Street, or about two and a half miles in all. We also tarred eight-tenths of a mile of the Mason Road which we had just completed with T. R. A. funds.

In August we worked on the T. R. A. roads. The T. R. A. money was used to regravell the road that leads off of route 101 at Mrs. Otis Wakefield's and is four-tenths of a mile long. The remainder of the T. R. A.

money was spent in putting in culverts and widening the lower end of the Mason Road for eight-tenths of a mile, which is now ready for the gravel. The month of September we used to build new sidewalks for which we had an appropriation of \$1,000. We built 350 feet on Mill Street, 530 feet on Burns Hill, and 260 feet on Dale Street. We used hot-top from the Winslow Cummings plant to build them with. We find this to be much cheaper and more satisfactory than cement.

The first of October to the middle of November we spent cutting brush and dragging the dirt roads to put them in shape for the winter months. At this time it gives me a great deal of pleasure to announce the completion of a project that I have been trying for the past 11 years I have been in office to accomplish. This was to have the brush cut on all the town roads. This looked at times rather hopeless, but having two mild winters in succession helped a great deal in accomplishing this. I do hope the town will be able to purchase a new brush mower for the Farmall Tractor which we have, so we can keep this brush mowed from now on.

This past summer we also built a new street to some newly constructed houses off the Intervale Road, just out of the village, for which we had an appropriation of \$1,000.00. We will need an appropriation of \$300.00 for the completion of this, for which I have asked in this year's budget. We also built a new cement culvert bridge on the Kimball Heights road to replace an old wooden bridge which was in poor condition.

I feel we had a very satisfactory year and would like to take this time to express my appreciation for the fine cooperation I have received during the past year.

LAWRENCE A. GIBBONS,
Road Agent.

REPORT OF AUDITORS

We have completed our audit of the books of the various town officers for the year ending December 31, 1949 and find them correct and in good order.

The records of the Trustees of the Trust Funds, Judge of the Municipal Court, Water Department, Town Clerk, Tax Collector, Treasurer, Selectmen, and Trustees of the Wilton Public Library were checked.

The uncollected accounts of the Tax Collector and Water Department have been verified by sending individual notices to each debtor, this being the usual accepted practice.

The Water Department has continued its policy of trying to reduce their overdue accounts and, although they are a little higher than last year, we wish again to commend them for their efforts.

Our new Tax Collector, Mr. John Davis, has carried on, in his first year, the good work of his predecessor in a most satisfactory manner. He has collected the most of the Property and Poll Taxes committed to him and will, no doubt, collect the balance before the first of April.

We wish to express our sincere appreciation to the town officers for their cooperation with us during the progress of the audit and especially to Mrs. Elizabeth French for her very kind and helpful assistance with the detail.

J. ELMER DRAPER,

J. E. RAYMOND,

Auditors of Wilton.

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Wilton qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 18th day of March 1950, at 2:00 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. a. To choose a Member of the School Board for the ensuing three years. b. To choose a Member of the School Board for the ensuing year.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the school district will vote to accept from the Wilton School Trust the proposed new Elementary School Building on the proposed site as recommended by the Wilton School Trust to become the property of the School District and to authorize the Wilton School Trust to erect an elementary school building on the proposed site connecting with the Auditorium in accordance with plans and specifications to be approved by the School Board, or take any action relating thereto.

9. To see if the school district will vote to authorize the School Board to raise a sum of money not to exceed \$15,000.00 by the issuance of Serial Notes or Bonds, in the name of and on the credit of the District, in accordance with Chapter 72, N. H. Revised Laws, this sum to be used in connection with and for the erection of the proposed new elementary school building. The said Serial Notes to be obtained on such rates or terms as may be deemed advisable by the School Board; or take any other action relating thereto.

10. To see if the school district will raise and appropriate the sum of \$4500.00 for the operating cost of the proposed new elementary school building, including teachers' salaries, heat, light and janitor services, or take any action relating thereto.

11. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

Given under our hands at said Wilton this 23rd day of February 1950.

FRED C. NELSON,
MILDRED T. PETERS,
RAYMOND A. LAPONSIE,
School Board.

(Additional Article)

12. To see if the school district will vote to raise and appropriate a deficiency sum of \$1932.50 incurred in the year 1948-49 as a result of emergency expenditures described in the school report, this sum to be made available to the school board prior to July 1, 1950.

SCHOOL BOARD'S ESTIMATE FOR 1950-1951

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Wilton, N. H., of which the above is a true summary for the fiscal year ending June 30, 1949 and find them correct in all respects.

J. ELMER DRAPER,
JOSEPH RAYMOND, .. .
Auditors.

REPORT OF THE SCHOOL BOARD

We wish to take this opportunity to express our thanks to the Headmaster and faculty for their splendid cooperation and endless efforts during the past year.

The School District is very fortunate in having the services of Mr. Paire, who, through his consistent endeavors and valuable guidance, has continued to improve the standards of the school.

The school buildings, as a whole, have been kept in a clean and orderly condition, due to the ceaseless work of the Custodian, Mr. Howard Peters.

It was with much regret that the resignation of Mr. C. Randolph Myer was accepted. We wish to extend our sincere thanks to him for his loyalty during the past four years. Mr. Raymond LaPonsie was appointed by the remaining members of the Board to fill the vacancy until the School District meeting in March.

The following is a brief summary of the survey of the school needs:

1. Every study has revealed the need for more space for our increased enrollment.

2. School Board study has been substantiated by the Lay Committee's investigation.

3. The problem has resolved itself into the immediate need for a four-room elementary school.

4. It was at first thought that the money would have to be raised entirely by taxation. However, as the year progressed, we were happy to receive word that the Wilton School Trust, Inc., a group interested in the education of Wilton children, would provide at least \$50,000 for this project.

It has been suggested from many quarters, that the townspeople be given an opportunity to participate in a building program. Consequently an article has been inserted in the School Warrant to this effect.

The details of the project will be discussed at public meetings and at the Annual School District meeting.

We wish to thank the Lay Committee and the Wilton School Trust, Inc., for their excellent cooperation extended to us during the past year.

FRED C. NELSON,
MILDRED T. PETERS,
RAYMOND LaPONSIE,
School Board.

REPORT OF SCHOOL SUPERINTENDENT

To the School Board and Citizens of Wilton:

I respectfully submit my third annual report as your Superintendent of Schools.

Instruction:

I am pleased to report that excellent progress has been made in your schools the past year. Every effort has been made to present an educational program that is both interesting and stimulating. The natural desire for a child to learn demands both. The teachers are keenly aware of the demands of modern education and the necessity of keeping abreast of new trends in education. All teachers who have been with us two years or more have participated in extension courses that have been conducted in Wilton or have attended summer school in colleges, both in state and out of state, at considerable expense in terms of time, effort and money.

Our audio-visual educational program has brought into the classrooms, experiences which otherwise they would not have had. Thus, we are able to show in animated form many of the scenes, ideas, and modes of life of many far off places that otherwise would not be revealed to them except by the printed page. The sound moving picture, the "still film strip" and educational records have enabled us to provide twice as much education in half the time.

Correlated art work has developed in the children an ability to interpret history, geography, science and literature in pictured form and has motivated in them a desire to re-create and to express themselves physically as well as verbally.

Last year a complete report was given by Mr. Sargent on the testing program in the high school and the manner in which it contributed to the program of educating your young people. The same program is

in operation this year with certain additions that tend to strengthen it.

The testing program in the elementary grades is planned to aid the teachers in determining the abilities of the individual, his strengths and weaknesses.

An intelligence test is given to each pupil each year in grades 3, 6 and 8. This year, for the first time, we are testing the abilities of the first graders, and thereby hope to determine the degree of their readiness to attempt certain areas of work. An Achievement Test is given each May, and as often throughout the year as the need arises. Thus, we are able to judge from year to year the progress each child is making and the areas in which more emphasis must be placed and what revision we need to make in our program to meet these needs.

Two years ago we adopted a new spelling series to help improve this phase of our work. The series emphasizes word analysis and paragraph writing rather than lists of words. We have already observed a marked improvement in spelling, vocabulary and writing. At the same time we inaugurated a new language series, replacing one that had been in use for a number of years. This series has contributed greatly in enlivening and improving our language program.

Field trips have contributed a great deal to the young people's understanding of their community, and surrounding communities. These trips are a definite and vital part of their education. Periodically local leaders in the community, have contributed their time to appear before classes and groups in the school, and to tell them of their businesses, experiences, etc. Much worthwhile knowledge has been gained in this manner.

Our physical education program, while not as adequate as it might be, has much to commend it. The major premise of the program is to develop in the

children an ability to play together in games that will develop a respect for good sportsmanship, rules and regulations, and respect for the rights of others. Several outstanding high school pupils are assigned, two to a grade, to conduct a planned program of activities, under the supervision of the elementary teachers. The whole program is coordinated by Mr. Stickney who with the assistance of the teachers, is responsible for its operation. This program has enabled us to develop excellent qualities of leadership, initiative, and expression among these high school pupils. In addition to that it has developed among the younger pupils a respect for the older students in the school. It is interesting to note that several students who have worked with this program have become interested enough in children, to prepare themselves to become teachers.

I wish to commend Miss Ethelyn Edwards for the fine work she is doing in music. The new instrumental music program has improved immensely, even though on a purely voluntary basis and paid for directly by the parents. One afternoon is provided each week for instrumental classes involving grades 1 through 12. It is planned that this program next year will become a definite part of the school music program.

Mrs. Edna Gilbert is doing excellent work as your school nurse. Every effort is made to keep a constant check on the health of your children and to keep the parents informed of any irregularities that may develop. The details of her work are explained in the Nurse's Report.

Administration

Mr. Kenneth Sargent and Miss Florence Rideout are doing a very fine piece of work as Headmaster of the high school and Principal of the elementary school, respectively. They have gained the cooperation of the teachers, parents and pupils, in a way that has been

of definite benefit to all concerned.

The Teachers' Council has done much toward assisting in framing the policies of the school. Early this year two booklets were developed and presented to the parents. One entitled "The Elementary School Guidebook for Parents", and the other "The High School Guidebook for Parents." These booklets have revealed to the parents many details relating to the work of the school.

Improvements

Many improvements have taken place within the past year. The most important ones being the addition of new fluorescent lighting in grades 3 and 4; re-painting grade 3 in pastel shades; the installation of supplementary heat in the Mechanical Drawing room, making it possible to utilize this room as a full-time classroom; and painting the exterior of the school building.

There is still much work to be done with respect to lighting and painting. However, any further improvements of this nature have had to be curtailed.

School Enrollment

The present school enrollment is revealed in a study of the statistics for the first 18 weeks. The increases that were predicted in the School Report of last year and the Report of the School Needs of Wilton are being maintained. It is interesting to note that with the graduation of next year's class, we shall see the last of classes having enrollment of less than 28. Classes numbering 31, 28, and 33 pupils will have replaced classes of 15 pupils.

Budget

The School Board's operating budget for 1950-51, calls for an appropriation of \$67,467.70, plus any special appropriations that may be made, an increase of \$2,115.08 over that of 1949-50. These increases are reflected in the following items; teachers' salaries

\$1,450.00; expenses connected with administration \$331.79; janitorial services \$175.00; light and other expenses \$155.00; teachers' retirement \$442.50; additions and improvements to buildings \$250.00; interest on serial notes \$200.00 and miscellaneous \$26.79. Certain reductions and economies were effected to the extent of \$1,066.00 making the net increase the amount stated above.

Increases connected with administrative services are largely obligations set up by the Supervisory Union and State Law. These include our share of Supervisory Union expenses, and tax for state wide supervision. The latter will increase as our enrollment increases.

Increases connected with janitorial services, light and related expenses are due directly to the greater use of the school plant..

The teachers' retirement assessment has increased due to the fact that the district is obligated to pay 5% of the gross salaries of the preceding year, to the State Retirement System. It is now compulsory that each beginning teacher join the Teachers Retirement Program.

Other items of increase are directly related to the normal upkeep of the school plant.

It will be noted that the school district will realize a loss of \$400 in income from the dog tax, due to an act of the last legislature, whereby this tax, instead of being turned over to the district, as it has past, remains in the Town Treasury. This act became effective January 1, 1950.

The reduction in state aid to education from \$2,000,000.00 to \$400,000.00 eliminated \$11,026.25, which Wilton had previously received. Consequently, the only income that can be estimated is that from tuitions and trust funds.

Special Articles

The special article relating to a deficiency appro-

priation of \$1,932.50 is the result of emergency expenditures necessitated by additional teachers services, transportation, loss of estimated income and deficiency in the school lunch program, when the management of same was turned over to the School Board in June 1948. The deficiency was originally \$2,130.32, the amount advanced on the 1949-50 budget appropriation. However, the School Lunch was able to pay off, at the close of the 1948-49 school year \$200.00 of its \$500.55 deficiency, thus leaving \$300.55.

Additional teaching services connected with an exceedingly large first grade in the fall of 1948 accounted for \$276.00.

The school board was obligated to provide transportation for two children who had moved into the Kimball Heights area at an expense of \$200.00.

It was estimated that the state aid to be received in 1948-49 would be \$11,786.00. The amount actually received was \$11,026.25, a loss of \$759.75 in income. Also we suffered a loss in estimated income from tuitions of \$405.00. This was due to three tuition pupils dropping out of school during the school year.

The Special Article relating to services connected with the new elementary school, if provision for the same is voted, involves an additional elementary teacher, janitorial services, fuel, light and supplies.

Thus the total appropriation for the school board's budget including all special articles, becomes \$73,900.-00, and the total assessment required to cover same becomes \$69,900.00

I wish to extend my appreciation to the School Board, teachers, parents and interested citizens for the excellent cooperation and assistance they have given me the past year.

Respectfully submitted,

NEWELL J. PAIRE,

Superintendent of Schools.

Elinor Burke	Elizabeth McKinstry
Rose Faulkner	Gerald Miller
Mary Elizabeth Horne	Mary Lou Paro
Allan Jowders	William Parsons
Robert Lenz	Leo Pellerin
Loretta Pollock	

STATISTICS FOR FIRST EIGHTEEN WEEKS—1949-50

Census: Ages 1 day-18 yrs.) Boys, 269; Girls, 269; Total 538

Attending Wilton Schools	367
Attending Perkins Institute for Blind	1
Attending High Mowing	5

ENROLLMENT BY GRADES

School	Total	Average Membership	Average Attendance	Per cent of Attendance	Tardinesses
High School	95	91.68	87.01	94.9	49
Grade 8	31	29.91	28.40	94.9	18
Grade 7	47	45.40	43.60	96.0	41
Grade 6	34	31.52	30.14	92.4	7
Grade 5	30	29.89	27.47	91.9	16
Grade 4	30	28.31	25.99	91.8	11
Grade 3	32	30.96	27.61	89.1	27
Grade 2	41	38.74	34.86	89.9	14
Grade 1	27	25.81	21.58	83.6	22

REPORT OF THE HEADMASTER

This year has been one of change and expansion at our school. The need was felt for more room to accommodate our increased enrollment and to maintain moderately sized classes. For the purpose of keeping classes at a workable size, an additional teacher was hired. The new teachers, the returning teachers and the classes they instruct are as follows: Miss Mary Hurley, Civics, Seventh Grade Math and Junior High School Geography; Miss Mildred Brouillet, Typing and Stenography; Mr. Ira Stickney, Eighth Grade Math, Consumer Math, Social Studies and Coach of Basketball and Baseball; Miss Jennie Esty, English in grades seven, eight and nine; Mrs. Dorothy Vigue, Family and Home Economics courses; Miss Aileen Dupree, English, French and Spanish; Mr. Clinton Stevens, Shop and Mechanical Drawing; Mr. James Weeks, Seventh Grade Math, Plane Geometry, Algebra II, Chemistry, General Science, Junior High School Athletics; Miss Ethelyn Edwards, Music, Glee Club and Orchestra and Mr. Kenneth Sargent, Algebra I, Biology and Junior High School Guidance.

This year a special effort has been made to develop in youngsters more school spirit and a feeling of real pride in their school. We have interpreted school spirit to mean that the interests of the school as a whole should come first.

It is hoped that this attitude has been developed by many of the group activities undertaken in the school. Some of these activities were: the sale of Wilton High School book covers, T-shirts and sweat shirts; the serving of cocoa and sandwiches to basketball personnel after the games; the forming of a Student Council Curtain Fund Committee to work with the Town Committee which is raising money for new auditorium curtains; donating of money toward the Curtain Fund by certain school groups; the holding of school spirit

assemblies; installation of a school suggestion box; continued expansion of a school grounds program and printing of programs for basketball games. Credit should be given to the Student Council for the initiation of many of these activities. They have become the most effective pupil organization in the development of the school spirit program.

It is realized that school spirit and community pride and interest are not achieved overnight, but activities which lead in the right direction will not be overlooked when they seem feasible.

Partially as a result of a "School Community" course, in which many of our teachers enrolled, the class activities of the school have been tied more closely than ever to the town and its surrounding areas.

Committees from classes, and entire classes, have visited many community industries and organizations to supplement and make more real their class work. Men and women specialists have come to school and assisted in teaching youngsters by working and talking with them. These activities, we hope, have better educated the young people and perhaps stimulated a feeling of town pride.

In closing I wish to express my appreciation and thanks to all parents for their active efforts toward having their children in school and on time every day, making the education of the youth of the town more efficient.

Respectfully submitted,
KENNETH A. SARGEN, T,
Headmaster.

REPORT OF SCHOOL NURSE

In October 1949, 354 pupils received physical examination by Dr. Thibault and a more complete examination was given members of boys' and girls' basketball squads.

Defects found by Dr. Thibault:

Teeth	74
Tonsils	1
Enlarged Tonsils	1
(Three pupils have since had tonsilectomies)	
Acne	4
Asthma	2
Poor Posture	1
Ruptured Ear Drum	1
Functional Heart Murmurs	4
Systolic Heart Murmurs	2

(Both "Systolic Murmurs" are on restricted activity in school. One has had a confirming cardiograph, recently.)

Vaccination, one pupil is excused at Dr. Galloway's request.

School Activities by Nurse:

Total school visits	84
Hours spent in school work	254

Much time has been devoted to home visiting by reason of the prevalent colds, virus and whooping cough.

Personal inspection by classroom (Skin and Scalp)	360
--	-----

Statistical survey of whooping cough at Dr. Galloway's request with Contagious Disease Records brought up to date, September 8, showed 176 pupils in grades 1 through 12 had not had whooping cough. Since then 15 pupils, 8 pre-school, and 2 adults, have had diagnosis, leaving a total of 161 school children more or less susceptible or protected by inoculation.

Contagious Disease Record to date:

Whooping Cough	15
Impetigo	5
Scabies	3
Pediculosis	2
Pneumonia	3

Visions tests showed:

Uncorrected defects	14
Wearing glasses	33
Eye operation	1
No vision — one eye	3
Cataracts	1

(under supervision)

Hearing Tests:

Individual Audiometer tests were given in May 1949 to grades 1, 2, 3. Showed two failures among retarded first grade pupils. Probably too immature to concentrate.

Special meetings attended:

Dr. Laura Bruce	2
Teachers Institute, Nurses Div.	1
Dr. Dwyer, Milford, Fluorine Clinic	2
Addressed First Grade Parents	1
Discussions with older pupils	5
Girl Scouts — Good Grooming	1
Mr. Paire and Mr. Sargent on routine school business	many
Problems investigated and reports made	2

Other Activities:

Abdominal dressing, at home (physician's orders)	10
Ears irrigated	15
First aid to minor injuries in school as needed.	

Respectfully submitted,

EDNA J. GILBERT, R. N.,
School Nurse.
